Schools from around the Far North were invited at the beginning of the school year, with a number of schools taking up the offer to attend other session times throughout the day.

The EXPO session at 11am is open to the public and will demonstrate trapped motorists with simulated injuries and rescue exercise.

Attendees will hear from QFES Road Crash Rescue, Paramedics and Forensic Crash Investigations about their role in the rescue, treatment plan of patients on site and the subsequent police investigation.

Mrs Sharon Roneberg will also address the audience and talk about how the death of her daughter Tanya, has changed her life and the lives of her family forever. Tanya was 37 when she died after being hit by a drink driver
